Booking through Egencia – business trips

If you need to book hotel rooms for yourself, staff or guests of SSE, it should always be done through Egencia, partly for security reasons so we know where you or our guests are if something happens, but also because we get important climate data used for our sustainability report, which has a significant impact on the school's ranking.

Both SSE's discount agreements and Egencia's own discount agreements are loaded into the booking system, and the prices offered are the most advantageous at the time of booking.

We encourage you to consolidate volumes to maintain our discount level with our contract partners, so please book hotel nights at Hotel Birger Jarl, Hotel Villa Dahlia, and Scandic Hotels.

For contract questions send an email to: procurement@hhs.se
